Professional Summary

I am currenlty working at Infosys since October 2021 as systems engineer. I am woking in a project where I use Mysql, postman for getting data, creating data and also updating data.Mainly, My project is working on data. I want to develop my skills in MERN Stack developer. So, I want to switch to other company.

Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2021	Bachelor of Technology	VARDHAMAN COLLEGE OF ENGINEERING	9.0/10.0
2016	Intermediate (Class XII)	NARAYANA JUNIOR COLLEGE	94.4%
2014	Matriculation (Class X)	BRILLIANT GRAMMAR HIGH SCHOOL	8.5/10.0

Experience

INFOSYS | SYSTEM ENGINEER   October 2021 - Present

I began working at Infosys in October 2021 as System Trainee. They gave training in frontend developer. They released me onto a project when I finished the training. Project is about sending data what is needed by client and createing a UI using schemas. Project uses Sql as well as Postman APIs to send required data. I learnt so many things while working with this project like communication skills, presentation skills, training skills as well as basic joins in Sql.
